**Spring workshop, October 17<sup>th</sup>, 2014**

We will offer a **Gadget Menagerie** from WA State Library and include additional gadget assistive devices from the **Idaho Public Library's Gadget Garage**

This season we'll try a slightly different format. Members may select to attend morning, afternoon, or entire day:

*Morning:*           **10:30 – noon** presentation session from Jennifer Fenton of WA State Library, and may include Gadget Garage presenters

*Afternoon:*       **1:30 – 3:00** hands-on gadget exploration with:  
- 3 facilitators from WSL  
- plus Dana Dalrymple of SPL,  
- and **Gadget Garage** technicians from the Idaho PL (**Elise** will contact Idaho folks.)

*Catering:*           **Jean** will contact [Connie and Phil Stucke's catering](#) to request light morning and afternoon fare (perhaps suggesting more protein and gluten free offerings than in the past). [ssl5@yahoo.com](mailto:ssl5@yahoo.com)

*Venue:*              Coeur d'Alene PL has been reserved from 10 am to 5 pm.

*Publicity:* Dana is creating flier; Carlie will create webpage.

*Lunch:*

- Facilitators are welcome to join Jean, Dana, and Tami for lunch in C d'A. (INCOL will reimburse.)
- **Melissa Searle** will compile a list of nearby restaurants. Attendees may want to preorder lunch to save time. Lunch list will be available to attendees on workshop day.

### **Spring and future workshops**

- **Debra Westwood** of King County was suggested as a possible contact to speak about avoiding **burnout**. Her past WALE session was well received. (Jean and Janine have her contact information.)
- Dana and Carlie recommended a version of a recent **Mental Health First Aid** workshop. Not all area staff were able to attend the past session, so our offering would likely be popular.
- Other future workshop ideas include **persons with disabilities**.

### **Other projects**

A call was made for anyone interested in creating a local directory that libraries can use to find presenters for programming. Library tech. students at SFCC were suggested as possible directory creators. Paula Swan may be contacted to investigate further. ([Paula.swan@ccs.spokane.edu](mailto:Paula.swan@ccs.spokane.edu) ; if email fails, contact Paula at SFCC at 509-533-3619.)
